COSHOCTON BOYS LOSE

Neither Athletic or High School Football Teams Win.

HIGH SCHOOL PLAYS THE GAME

Athletics Score But Are Overwhelmed by Muskingum College—Played With Ten Men.

With a badly crippled team the Coshocton Athletic club marched upon the Muskingum College stronghold, at New Concord Saturday, and were beaten by a score of 27 to 5. Beach and Parrish, who remained behind to look after the new suits, missed connections at Zanesville and were unable to reach New Concord. With no suits and no right half-back the Coshocton boys were sadly handicapped, but went into the game undaunted.

On the other hand Muskingum was at her best. They had anticipated a game with Scio college, Saturday, and had prepared themselves accordingly.

The game was called at 2:30. Captain Stewart, of Coshocton, winning the toss. He chose the kick off and the unequal contest was on. It soon became apparent that the brawny Muskingum boys were too much for the Coshocton athletes. They tore around the ends and battered Coshocton's line for short gains, interspersed with long runs. Their favorite play was a guardsback formation the signal for which was "Mark over." "Mark" was one of their six footers with a mass of weight. He was worked time after time and seldom failed to gain. Carnes, who was playing fullback for Coshocton, was a tower of strength and dashed through the Muskingum wall repeatedly. He also made a number of good punts. Captain Stewart was injured about the chest early in the game, but refused to quit playing until near the close of the last half, when he was carried off the field in a semi-conscious condition. The Coshocton boys were compelled to finish the game with ten men, their only substitute, Fisher, having taken Beach's place.

In the first half the Muskingum boys had it all their way and rolled up 22 points; but in the second half the Athletic club took a decided brace and held Muskingum to a standstill. Soon after the half commenced. Knott seized the ball and made a 45 yard run for a touchdown. This encouraged the Coshocton team and Muskingum's long gains were at an end. Coshocton's line up:

Burrell	center
Ricketts	right guard
Lightell	right tackle
Hershman	right end
Holland	left guard
Miller	left tackle
Timmons	left end
Knott	quarter
Fisher	right half
Stewart	left half
Carnes	full

TIE FOR HIGH SCHOOL.

The game between the Dennison high school and the Coshocton high school teams at Dennison, Saturday, resulted in a tie. Each team scored one touchdown, the Dennison boys making theirs in the first half and Coshocton in the second. Dennison failed to kick goal and Coshocton lost the chance to kick goal by accidentally touching the ball to the ground when preparing for the goal kick. The features of the game were Swihart's end runs and Selby's line kicks. A return game has been arranged to be played here next week.

PAPER MILL DOINGS

The Damaged Plant at Newark Sold and Mr. Smart Comes To Coshocton.

The paper mill property in Newark which was badly damaged by fire some months ago, and in which W. H. Bachert of this city was interested, was recently sold. It is not yet announced for what purpose the property will be utilized.

Harry Smart, who for many years was connected with the Newark mill, has taken an interest with Mr. Bachert in the Coshocton mill. The latter is now running steadily and with a full force and it is rumored there will be a substantial increase before many months.

IT WAS A FAILURE.

Marriage Proves An Unhappy Experience to Aged Bridegroom.

Judge Roche granted a divorce, Saturday, to Stephen Stuber from Jane Stuber on the grounds of gross neglect of duty. Mr. Stuber was 71 years of age and Mrs. Stuber 43 when they were married last August in New Castle township. After a month of marital infelicity Mr. Stuber told Judge Roche he had made a bad mistake in marrying again. He had told the judge how well pleased he was with life at the time the license was issued, but wore a very long face when he came in a month later.

Our New Editor.

The publishers of THE AGE take pleasure in introducing to the local public our new managing editor, Mr. Reginald C. Snyder, who comes from Findlay, O., where for some years he has been associated with the Morning Republican.

Mr. Snyder would like to make the acquaintance of everybody in the community and will appreciate it very much if the people will make themselves known to him and without formality proceed to get acquainted.

Mr. Snyder and his family, consisting of wife and child, have moved to Coshocton and are temporarily quartered at the Park hotel. They will go to housekeeping soon.

Wedding at Keene.

Miss Daisy Norman and Mr. Parker Adams were married Wednesday evening by Rev. L. A. Ensley, at the home of the bride in Keene. Mr. and Mrs. Adams are highly esteemed young people of this community, and have the best wishes and heartiest congratulations of their many friends. Mr. and Mrs. B. L. Adams, of Chicago, a brother of the groom, were among the 25 guests present.

Taking Miners Away.

Hugh McKenna, of St. Charles, Mich., has been here for several days. He was trying to get miners to go to the mines at St. Charles. He left today with six men.

AN INDUSTRIAL EDITION.

It is a very generally accepted theory that the newspapers of a community are a correct index of its intellectual, social and commercial life and progress. Good live newspapers indicate that the communities in which they are published are progressive and enterprising, in everything that makes them desirable for homes, for educational privileges and business investment.

Coshocton is such a community and THE AGE is such a newspaper. There comes a time, too, in the progress of a community and in the life of a newspaper requiring some special proclamation of what has been done, and is being done to advance everything in which everybody is interested. To this task THE AGE now proposes to devote some special attention.

Arrangements have been completed for the publication of a special Illustrated Industrial Edition, embracing the progress of the county and city from the first until now. The edition will be comprehensive and complete in every detail. It will be printed on an excellent quality of book paper and profusely illustrated with fine half tone cuts, representing the industries and the business interests, the churches, the schools and the social life of the community. This is to be a first-class publication in every respect, and THE AGE undertakes the task feeling fully assured of the support and hearty co-operation of every one interested in Coshocton's past and future.

Work upon the edition will begin at once and will be in charge of Mr. Thomas G. Brown, who has been connected with the editorial department of THE AGE for the past month. Mr. Brown is a thorough newspaper man and has had considerable experience in collecting, compiling, and preparing for publication the necessary material for such newspaper editions.

Due notice will be given of the progress of the work from time to time, and such assistance asked as is legitimate in connection with such an undertaking.

LARGE FUNERAL.

Hundreds of Neighbors Pay Last Sad Homage to Joseph Taylor.

Joseph Taylor, the young man who met his death so mysteriously on a country road near Warsaw, was buried Monday morning in the cemetery at Jefferson church. The funeral was one of the largest ever held in that part of the county and was conducted by Rev. Mr. Hyatt, the services being held at the church.

The friends of the unfortunate young man are carrying on a systematic investigation and hope to unravel the mystery surrounding Taylor's untimely death.

A Rousing Convention.

Great interest is being manifested throughout the county in the Sunday school convention to be held at West Lafayette, November 10-11. It will be a very unusual and unique affair. The program includes the services of the party of five specialists now making a tour of the state under the auspices of the State Sunday school association. Seldom is such an array of talent centered in a county convention. The program will include addresses, conferences, round tables, discussions, bible readings, and good singing. No Sunday school worker should miss it. The convention has been largely advertised through the distribution of a quantity of programs to all Sunday school superintendents as well as one each to all pastors and township officers.

Pastors, superintendents and teachers will be especially interested in the round tables at the county convention.

Rev. W. C. Stevenson, one of the state tour party at the coming county convention, has a class of 350 in his home town pursuing a course of systematic bible study.

"Timothy Stand By" or in other words Dr. Joseph Clark, state Sunday school secretary, will be present at the county Sunday school convention.

Teachers' Meeting.

The regular monthly teachers' meeting will be held at 7 o'clock Tuesday evening, November 4, at the high school building. The principal address is to be by Rev. Dr. Lloyd on English schools, Dr Lloyd having formerly been an inspector of schools in England. Mr. Bryant will conduct "Nature study," Supt. Platt will lead the round table discussion of chapters 4 and 5, Seeley's "Foundations of Education." There will be several musical numbers.

IN THE LIBRARY.

Magnificent List of New Books Now Ready For Winter's Reading.

Among the better class of the new books received by the public library are four volumes of the "Life of Napoleon Bonaparte." William Milligan Sloane, professor of history in Princeton university, is the author of the work. The books are published by the Century company and are beautifully illustrated with reproductions of the finest French paintings and drawings. The work is also the most reliable account extant and its large type makes it more readable than the average biography of the noted Frenchman. Another valuable work among the list is the "Life and Letters of Phillip Brooks," in three volumes, edited by Alexander V. G. Allen. In addition to these the biographical and historical works received thus far are: Scotland, Historic and Romantic, in two volumes, by Marie Homor Lansdale; London, historic and social, two volumes, by Claude de la Rache Francis; Ireland, by Charles Johnston; China in Convulsions, two volumes, by Arthur M. Smith; Victoria, Her Life and Empire, by the Marquis of Lorne; Cecil Rhodes, by Howard Hensman; Napoleon and His Marshals; Mediaeval Rome, by William Miller; Constantinople, by Henry Otis Dwight; Latin America, by Hubert W. Brown; First Across the Continent, by Noah Brooks.

The books of fiction are: The Methods of Lady Walderhurst, by Francis Hodgson Burnett; The Man From Glengarry, by Ralph Connor; At the Point of the Bayonet, by G. A. Henty; The Virginian, by Owen Wister; The House With the Green Shutters, by George Douglass; The Firebrand, by S. R. Crockett; Camp Venture, by George Carey Eggleston; Audrey, by Mary Johnston; The Siege of Lady Resolute, by Harris Dickson; The Portion of Labor, by Mary E. Wilkins; Deborah, by James M. Ludlow; The Sons of the Sword, by Margaret L. Woods; The Diary of a Goose Girl, by Kate Douglass Wiggin; Lives of the Hunted, by Ernest Seton Thompson; Five Little Peppers, by Margaret Sidney; The Ruling Passion, by Henry Van Dyke; In The Fog, by Richard Harding Davis; Held for Orders, by Frank H. Spearman; On The Great Highway, by James Creelman; Blue Grass and Rhododendron, by John Fox, jr.; Tristram of Blent, by Anthony Hope; The Cavalier, by George W. Cable; The Making of a Statesman, by Joel Chandler Harris; The Making of a Marchioness, by Francis Hodson Bennett; Amos Judd, by J. A. Mitchell; What is Art? by Count Tolsti; A Lily of France, by Caroline Atwater Mason; A Prince of Good Fellows, by Robert Barr; What is Christianity? by Adolph Harnack; Mrs. Wiggs of The Cabbage Patch, by Alice Caldwell Hegan; Cardington, by Robert W. Chambers; The Iron Brigade, by General Charles King.

HURT BY A COW.

Farmer in Serious Condition From Result of Peculiar Accident.

Cuthbert H. Glover is critically ill at his home on Reservoir farm, east of the city. His illness is the outcome of an accident he met with a week ago. He had stooped over to reach the fastening of one of the gates on his farm when a cow came up and pushed the gate open from the other side. The gate swung back suddenly striking him a severe blow on the top of his head. While it gave him considerable pain at the time he did not regard it as anything serious and was around and down town as usual. A day or two ago he became ill and has grown steadily worse and much anxiety is felt as to the result.

Progressive Merchant of Shanghai Sends His Advertisement to The Age—Wants a Bright American Boy.

Merit will not down, and the true worth of THE AGE as an advertising medium has been heralded afar, even to the distant shores of the mongolian empire.

Monday morning's mail brought a bizarre little envelope bearing two red, one green and two yellow stamps and marked with awesome hieroglyphics. A wide band of red ink is printed across the center of the little missile and on it, in legible English chirography, appears the address: "AGE Newspaper, Coshocton City, Ohio State, U. S. A." The letter, written on fine paper, explains itself:

"Store of Zah Sah Moo, Shanghai, China: merchant in Chinese curios.

"Please print my advertisement in your newspaper. Send me bill and sample newspaper.

"I want smart youth sell my Chinese curios. If he catch much business he earn many cash. If some American stamps send me for package postage. I send sample free. Zah Sah Moo, Shanghai, China."

FOOD FOR THE SOUL.

Interesting Sermon on the Sacraments by Rev. Lloyd.

At Trinity Episcopal church Sunday evening, the Rev. Lloyd delivered a very strong sermon on "The Sacraments," the discourse being one of a series preparatory to the coming confirmation of a large class. There are two sacraments in the church, that of baptism, and holy communion. God means his children to be taught through the eyes as well as the ears, therefore the absolving of sin is exemplified by the use of pure, cleansing water. Bread and wine, emblematic of physical refreshment and nutriment, is simply then, the symbol of the strength-giving sustinence of the Lord's supper; the physical emblem of spiritual strength. Administered by the ordained ministers of the church it becomes the soul-sustaining refreshment provided for those professing their faith in Christ.

COURT HOUSE.

Number Of Important Cases Filed In Common Pleas Court.

John Heskett, through his attorney, W. A. Himebaugh, has filed suit in the court of common pleas against Isabelle Glenn and Mary Glenn on a note for $750 given him by them, May 28, 1900. At the time the note was given Mr. Heskett took a mortgage on certain premises in Oxford township. He asks for judgment.

Eliza Van Sickle et al. have filed their petition in common pleas court asking that James Orin, Alfred Rehard and W. F. Emerson, trustees of Oxford township, be restrained from completing a road which they have commenced lay out across the Van Sickle lands. The plaintiffs claim that the trustees have not proceeded according to law in establishing the road. Probate Judge Roche has granted a temporary restraining order forbidding the trustees for going on with the road until the case may be heard upon its merits in common pleas court.

J. W. Thompson has brought suit on a note of $115 which he bought of Chas. Seward, Oct. 9, 1901. The note was made by Mary C. Henderson and A. R. Henderson, and they gave Seward a mortgage on property in Linton township to secure the note. Thompson claims the note has never been paid. His attorney in the case is T. H. Wheeler.

Dancing! Dancing! Dancing.

A FINAL WORD

The greatest privilege of American citizenship transpires tomorrow. The much vaunted boast of the people of the United States is that this is a government of the people. The assertion is true, but it is not perhaps realized that only one or two days out of the entire 365 of the year, does every man have a voice in the government. One of those days is tomorrow. Let every voter of Coshocton county take advantage of his privilege.

This year a vote is more than a privilege: it is a solemn duty. The issues at stake are too serious and too far-reaching to permit any man to be so busied with sordid affairs of commercialism that he will not take time to for one day be an integral part of the government. The man who helps swell the stay-at-home vote this year should be ashamed to come out of his chrysallis afterward and soare in the results. Let every man vote.

To the voter who thinks, there is little use in pointing out the direction in which to cast his ballot. The country is in its swaddling clothes in a new era, the greatest era of prosperity any nation ever knew. The policies that are now prevalent should be continued undisturbed. The prosperity of the people demands it. It behooves the people of Coshocton to send to congress a man who will stand for these principles.

The men named by the Republican party for the county offices are to well known to need more editorial commendation. They are without exception men of unquestioned integrity, unchallenged ability, and representative of the highest and best type of citizenship. They are clear-headed business men who will look out for the best interests of the people whom they represent.

Tomorrow is an opportunity to place the management of some of the county's most important offices in the control of men eminently fitted for them. The way to do this is to exercise your prerogative and vote Route General Apathy.

This is a year especially when every Republican should go to the polls and vote. Not only is it necessary to give the greatest possible indorsement to the national policy of prosperity and progress, but there is great need of bringing about minority representation in the county offices. Solidly partisan rule in our county affairs has proven very unsatisfactory. It is not conducive to good business methods. There is too much secrecy about it. Better have both parties represented in the courthouse so the public may find out what is going on. Give your vote tomorrow toward minority representation and good government.

Everybody help to get out the full Republican vote tomorrow.

It is the duty of every Republican to go to the polls and vote tomorrow.

At the polls tomorrow is a good opportunity to sit down upon Tom Johnson's bullying tactics in politics.

THE PEOPLE'S GAINS.

Thousands of Millions of Dollars Distributed:

Vast Sums In Many Forms That the Farmers and Wage Earners Have Had From Prosperity — Last Six Years Better Than the 107 Years Before Them.

From 1880 to 1900 the wealth of this country more than doubled. Democrats (some of them) claim that trusts and monopolies have "effectually appropriated the fruits of industry to the benefit of a few thousand, at the expense of the many millions."

Now who did get the wealth added to the country in that 20 years, as shown by official reports? Here are a few of the items.

Farmers have of it....	$10,000 millions
Railways (new)	5,000 millions
Additional deposits in saving banks	1,500 millions
Additional deposits in national banks	2,100 millions
Savings in building and loan companies	1,700 millions
Increase in town growth values	5,500 millions

So of the added fruits of industry" American farmers have more on the duplicate than the added wealth of railroads and banks, both the national and savings institutions.

And this does not measure the real gain to the farmers, for since 1896 the farm mortgages have been paid off and reduced more than 4,000 million dollars, and much of the savings in banks are deposits by farmers all over the country, until the banks all over the West are flooded with funds from the farmers.

There are also the many millions given to various universities, colleges, hospitals, churches and school houses, new and better roads and streets, and improvements in rivers and harbors. These are not on any tax duplicate, but all are part of the added wealth of the whole people, a substantial and lasting gain for all the people.

And in scores and hundreds of other lines, have "the millions" of our people, invested and held the fruits of their own industry, and it is not true that trusts and monopolies "have effectually appropriated" the country's wealth. A larger per cent. of our people own their own homes, and have a little surplus laid by, than ever before.

How were the people able to accomplish such vast results? By their own industry, energy and enterprise, under legislation that protected their production and labor. As another result so much more of the products of American la or were sold abroad than we bought there that the balance of trade in the six years following McKinley's election was three as much in our favor, as for the entire 107 years before.

DEMOCRACY'S CHANCE.

No Hope Except on the Country's Calamities.

Senator Morgan of Alabama says that a majority of the next house of representatives will be Democratic. That is good as far as it goes.

But Cleveland says it is important for the Democrats to have the house of representatives to agitate tariff revision.

From a partisan view, Cleveland may be correct for with a Democratic majority, congress might agitate tariff changes, till business would grow distrustful, and times grow gloomy enough, that a Democratic president could be elected on the misfortunes a Democratic house might be able to bring about.

Cleveland and Tom Johnson urging tariff revision, reminds one of the old woman telling the mother of a big family of children, all hearty but one, and that one was a little unwell, and the old woman told the mother what ought to be done, and added "I've lost six children myself and ought to know how to raise them."

Regular Democrats Out of the Johnson Campaign.

The chairman of the Republican state committee may be wasting a good deal of time in calling attention to the inconsistencies and radicalisms of Tom Johnson, but he certainly is not impertinent in doing so. It is the literal truth that Mr. Johnson is about all there is visible of the Ohio Democracy this year. At the state convention of the party in September Johnson not only named the ticket but wrote the platform and dictated the organization. The chairman of the Democratic state committee gets his orders from the fat man from Cleveland and the latter's automobile and circus tent have made up the entire Democratic campaign. The old wheelhorses of Democracy have either not been called to the stump or have not been disposed to promote the new order of things by responding. The significance of their absence is not less in one case than in the other. Johnson and his single tax satellite, the Rev. Bigelow, have been "the whole thing." —Toledo Times

NEXT LOWER HOUSE.

Both Parties Claim It by Good Working Majorities.

RIVAL CHAIRMEN MAKE PREDICTIONS.

Outlook In Ohio, New York, Pennsylvania, Kentucky, West Virginia and Other Commonwealths—Apathy Complained of by the Leaders—Interesting Political Prognostications.

Washington Nov. 3.—Jesse W. Babcock, chairman of the Republican congressional committee, gave out the following statement: "I am satisfied that the Republicans will elect 214 members of the house. In making up this estimate I have counted all districts that appear in any degree doubtful. This will give us a safe working majority of 22 members." James M. Griggs, chairman of the Democratic congressional committee, gave out the following: "The next house of representatives will have a Democratic majority of not less than 25. The whole country is in revolt against Republican policies and are demanding tariff revision and relief from especially on trust made and trust controlled goods."

Mr. Griggs added: "It is well to understand that the last apportionment bill was so drawn as to add 29 Republicans and 10 Democrats to the house—a Republican advantage of nine in addition to their present majority. The legislatures of the Republican states, where possible to do so, have gerrymandered congressional districts so as to create a few nearly Democratic districts and many Republican districts. Even if these states go as they were gerrymandered to go, we shall have a Democratic house by a safe working majority."

Conditions In Cincinnati.

Cincinnati, Nov. 3.—Intense feeling developed among prominent Democratic workers who are McLean men because none of the funds collected by the Democratic candidates, who are Johnson men, had been turned over to the Hamilton county committee. The organization has been ignored by both the state and local Democratic candidates and the indications are that there will be trouble at the polls. The Democratic candidates have prepared papers for an application in the superior court to prevent certain persons from voting. It is claimed in one of the courts that 180 colored men are registered from the "Silver Moon" boarding house on the river front and that a careful canvass shows only 127 residing there.

Estimates on Ohio.

Columbus, O., Nov. 3. — Chairman Dick of the Republican state committee, in his anteelection statement, places Laylin's plurality for secretary of state at not less than 75,000, and says the Republicans will elect 17 and probably 18 of 21 members of congress. Chairman Garber of the Democratic state committee gives no figures, but says the situation in the state is satisfactory from a Democratic standpoint. He predicts the Democrats will carry seven of the 21 congressional districts, and that Mayor Johnson will signally defeat Senator Hanna in Cuyahoga county.

In New York.

New York, Nov. 3.—Predictions of success at the polls tomorrow are made by both Republican and Democratic leaders. Senator Platt places Odell's plurality for governor at 50,000, while Chairman Dun of the Republican state committee puts it at 37,000. Tammany Leader Murphy says Bird Coler's majority in Greater New York will be 112,000 more than Mr. Odell can meet by from 25,000 to 30,000 votes. Bird Coler, the Democratic candidate, declares he is absolutely certain he will triumph at the polls.

In Kentucky.

Louisville Nov. 3—The closing days of the congressional campaign in Kentucky have been marked by a general lack of interest, due to the fact this is an off year in the state. The Democrats are reasonably certain of electing seven congressmen, while the Republicans are sure of one. Three districts are doubtful. Two of these are now represented by Republicans and one by a Democrat.

Missouri Situation.

St. Louis Nov. 3—The Republicans say they will carry Missouri by from 15,000 to 25,000. The Democrats declare they will have a majority of 30,000 and assert that the largest vote ever polled in an off year election will be cast. At Democratic headquarters prediction is made of the election of all Democratic congressional nominees except Bowman in the Tenth district.

Pennsylvania.

Philadelphia, Nov. 3 — Both sides are crying victory, the Republicans asserting that Judge Pennypacker will defeat R. E. Pattison, the Democratic candidate for governor, by at least 70,000 majority. Particular interest is evinced in the legislative election, as Senator Penrose comes up for reelection in March. The Republican leaders complain of the apathy.

In West Virginia.

Wheeling, Nov. 3. — Republicans claim all the congressmen, and conservative Democrats concede the election of Captain B. B. Dovener in the First district, but claim better than a fighting chance in all the others.

Will Arbitrate.

Lille, France Nov. 3 — A meeting was held here between delegates of the coal companies and the striking coal miners in the department of Du Nord. Failing to come to an agreement, it was decided to refer the question of an increase in the miners' wages to arbitration. The representatives of the companies said their principals were prepared to make pension proposals similar to those advanced by the coal companies in the Pas de Calais district, but the miners having persisted in their demand for arbitration, the companies reserved their pension proposals until after the decision of the arbitrator is made known. The proposals from the Pas de Calais companies referred to were to establish a system of pensions by which a miner aged 55 having served the same company 30 years, would get a pension of $100, and a miner having working with different companies in the Pas de Calais district for 30 years a pension of $110.

Contrasts Roosevelt and Loubet.

Paris, Nov. 3 —In an article headed "Two Presidents" La Patrie compares President Roosevelt with President Loubet. Referring to the French and American coal strikes, the paper says the energetic measures adopted by President Roosevelt brought the American strike to an end, and declares that President Loubet was confronted by conditions exactly the same as those Mr. Roosevelt dealt with, but that the president of France remained passive, with the result that the French strike continues, amid misery and loss. The paper draws the conclusion that the American president, who is elected by the people, represents the people, whereas the president of France waits the slow process of parliament, and that the French people suffer from the reign of parliamentarism.

MITCHELL'S STATEMENT

To Be Presented to the Anthracite Strike Commissioners.

Scranton, Pa., Nov. 3. — The mine strike commissioners left for Hazleton, to spend four days in further acquainting themselves with the physical features of mining. They had not decided up to the time of leaving how they would divide their time while in the middle and lower districts. It was definitely decided though that not more than four days would be devoted to the trip. Assistant Recorder Neill was left behind to receive the miners' statement from President Mitchell. On Thursday it is expected the operators' counter-statement will be presented. The commissioners will then take a recess until Friday, Nov. 14 by which time the two parties will be expected to have completed the preparation of their cases and be ready to go on with the hearings. The commissioners will also devote the interim to preparation for the hearings by acquainting themselves with the details of the two statements.

Assayer Goes to China.

Washington, Nov. 3.—Alfred E. Jessup of New York, now head of the test laboratory in the supervising architect's office of the treasury department, has accepted the position of chief assayer of the Chinese mint at Tien Tsin, China. The designation for the place was made through the intermediary of Minister Conger, at the request of the Chinese government. Mr. Jessup is a graduate of the Lehigh university and of the School of Mines at Freiburg, Germany.

HERE'S A POINTER

Read It. It's Short, Sharp And To The Point.

Mrs. S. Holbrook of 368 North 9th street, Coshocton, Ohio, says: "My stomach was weak and the digestion slow—food distressed, rested heavy after meals and gas formed. I was nervous and run down as a result. I heard of Dr. A. W. Chase's Nerve Pills and got some at C. E. Anderson's drug store and they are excellent. They gave me a good digestion by making the stomach strong, steadied the nerves and gave good general strength. I am pleased with the result and medicine."

Visited Vienna's Cemetery.

Vienna, Nov. 3. — One-third of the population of Vienna made pilgrimages All Saints' day and All Souls' day to the Central cemetery of Vienna. Some went on foot, while others used vehicles of all descriptions. It is estimated that 600,000 persons visited the graves in the cemetery on these two days. The pilgrims all carried wreaths or flowers, and before the tombs and in the long grass burned countless candles. The monuments to Mozart, Beethoven and Shubert, as well as the plot where are buried the 600 victims of the Ring theater fire of 1881, attracted thousands of visitors. This cemetery is the largest in Europe and contains 622,000 graves.

Crossing Tragedy.

Elgin, Ills., Nov. 3.—Frank and Louis Schuette and Charles and James Woodrich were killed at Algonquin, Ills., where the milk express on the Chicago and Northwestern railway struck their carriage on the crossing of the main street of the village. All were instantly killed except Louis Schuette, who died at a hospital. All lived at Algonquin except James Woodrich, whose home was at Kilbourne City, Wis. The young men had started to drive to Dundee before daylight and did not see the train on account of the darkness and the cover of their buggy.

Prince of Siam.

Burlington, Vt., Nov. 3. — After a week of sightseeing and entertainments in New York and Boston, the crown prince of Siam and his party were enabled to enjoy comparatively quiet day while their special train was speeding through rural New England. From here the party proceeds to Niagara Falls.

"When a street railroad magnate in Detroit, Tom Johnson fought the attempt of Congress to reduce fares on his lines, going clear to the supreme court of the United States with the suit." Voters do not desire that kind of reformers.

Every Republican who stands firmly for Republican principles will vote the Republican ticket from top to bottom. It is the straight ticket that counts and is most easily counted by the election officers. Vote the full state and county ticket and see that your neighbor does the same.

There ought not to be any difficulty in arousing interest in the Ohio political campaign this year. If you believe in the continuance of good times, and we believe all do, you can surely take the time to go to the polls on election day and continue in power the party that brought the good times about.—Auglaize Republican.

Senator Hanna hit the nail on the head in his Logan speech when he said that no business man or laboring man should be so busy that he did not have time to go to the election and vote for the continuance of prosperity. We had a case of that kind in 1892, but the people of this country had a plenty of leisure for a good while afterwards.—Logan Journal-Gazette.

Johnson's Advice to Democrats.

STEIN-BLOCH
Wholesale Tailoring Establishment at Rochester.

It is marvelous! The rigid tests to which every yard of cloth and lining is submitted; the care with which the clothes are cut singly with shears—the same as the custom tailor does it— not forty or fifty at a time with a big knife, as the usual ready-made clothes are chopped out; the expert journeyman tailors stitching by hand, the clean tailor shops built upon the highest scientific principles; the hand pressing with electrically heated irons; the beautiful finishing by skillful needlemen and and women—all this would impress you as it has us; that clothes thus carefully made, must be good; and as for style—compare a Stein-Bloch Suit or Overcoat with anything that the best tailor in town can turn out—you'll take the Stein-Bloch product every time.

Town Burned Out.

St. Johns, Nov. 3.—The town of St Pierre, Miquelon, has been devastated by fire. A destructive conflagration started Saturday night and swept the main portion of the town. The governor's house, the government buildings, the courthouse, the building occupied by the ministry of marine, the Roman Catholic cathedral, the presbytery, the schools and a number of other buildings were destroyed. It has not yet been learned how the fire originated. The extent of the disaster is very farreaching and the financial loss will probably reach half a million dollars. There was no loss of life or serious accident. The rapid spread of the conflagration was due to the trifling water suppy and to the fact that St. Pierre has no adequate fire-fighting apparatus.

A TYPICAL SOUTH AFRICAN STORE.

O. R. Larson, of Bay Villa, Sundays River, Cape Colony, conducts a store typical of South Africa, at which can be purchased anything from the proverbial "needle to an anchor." This store is situated in a valley nine miles from the nearest railway station and about 25 miles from the nearest town. Mr. Larson says: "I am favored with the custom of farmers within a radius of 30 mile, to many of whom I have supplied Chamberlain's Remedies. All testify to their value in a household where a doctor's advice is almost out of the question. Within one mile of my store the population is perhaps 60. Of these within the past twelve months, no less than 14 have been absolutely cured by Chamberlain's Cough Remedy. This must surely be a record." For sale by C. E. Anderson, Forbes block.

DYNAMITED A HOME.

A Crazy Assassin's Terrible Work at Midnight.

FATHER AND HIS DAUGHTER MANGLED

Explosive Placed Under the House and the Sleeping Victims Caught Without Warning — Rejected Lover Held on Suspicion — Awful Charge Against a Kentucky Man.

Chicago, Nov. 3.—The home of Joseph Kordeck, in Chicago heights, was blown up with a dynamite bomb buried by an assassin, two members of the family being killed outright and several others injured. The house was set on fire and burned, while that of a neighbor caught fire and was also destroyed. The dead: Joseph Kordeck, arms and legs blown off; Lucy Kordeck, aged 2, body blown to pieces. The injured: Mrs. Lucy Kordeck, flesh blown from off right side, injured internally, may die. Seven children who escaped were injured, but not seriously.

The explosion occurred while the family was asleep. The father and mother and the daughter Lucy occupied a room in the front of the cottage. On the other side were rooms occupied by the rest of the family. The cottage stood two feet from the ground, on wooden posts. The bomb was placed under the room occupied by the parents, and the impact of the explosion tore a hole in the floor, blew the bed to pieces, dismembered Kordeck and scattered into fragments the body of Lucy, who was sleeping with her parents. Pieces of flesh the size of a man's hand were the largest remnants of the child's body that could be found. The force of the explosion was directly upward, and tore a piece of flesh from Mrs. Kordeck's side and blew her through a window. The noise aroused the rest of the family, and they hardly had time to escape from the flames, which soon destroyed the cottage. Kordeck's body, torn to shreds, was found in the debris after the fire.

Charles Smith, a former boarder at the Kordeck house, who was paying attention to one of Kordeck's daughters, has been arrested charged with the crime. The Kordeck girl was to have been married to another man next week. Smith declares he is innocent, but neighbors declare he made threats to them that if the girl refused to be his wife he would blow up the entire family with dynamite. Smith was absent from his room at the time of the explosion. His roommate, Thomas Kobilinski, claims that Smith returned to his room greatly excited shortly after the explosion.

Charged With Killing His Son.

Inez, Ky., Nov. 3.—Pleasant Spradley is in jail here, charged with killing his 4-year-old son. It is charged he kicked the little fellow to death for a trivial offense. A strong guard is stationed at the jail, as the feeling against Spradley is very bitter. The prisoner is a farmer.

Throat Cut.

Miller, S. D., Nov. 3.—Major Campbell, an old soldier who resided near here, was found dead in his home with his throat cut. His home is in a lonely gulch. It is not known whether the man was murdered or committed suicide.

Those Cuban Children.

New York, Nov. 3.—The board of special inquiry at Ellis Island adjourned without taking up the case of the 11 Cuban children who came here Saturday, destined for Point Loma, Cal., to be educated and cared for at the "farm" of the "Universal Brotherhood." The children are detained on the island and Dr. Gertrude Van Holt, in whose charge they came from Santiago, is with them. Commissioner Williams said that the case of the children opens up an important and interesting question, which will probably be used to establish a precedent for the guidance of the department in the matter of the admission of the children to this country for the purpose of education. The technical point on which the children will be deported, if the board decides to debar them, he says, will be that they are liable to become a public charge.

Ladrones Active.

Manilla, Nov. 3.—A portion of a gang of ladrones which has been operating on the island of Biliran, just north of the island of Leyte, where they committed various outrages, crossed over to the island of Leyte last Wednesday and entered a small town near Caricara. Here they captured and beheaded the president of the town, murdered his wife, whom they slashed with bolos, and abducted the president's children. The motive of this crime is said to have been the president's friendliness with the Americans. Ladrones are again active in the provinces of Rizal and Bulucan, Luzon. Members of the native constabulary engaged these bandits twice during the past week at points close to Manilla, and succeeded in killing a number of them. The constabulary are capable of suppressing these ladrones.

Struck a Switch Engine.

Jackson, Miss., Nov. 3.—The northbound Illinois Central "cannon ball" collided with a switch engine in the yards at this point, seriously injuring one passenger and slightly wounding 12 others. The injured are: N. J. Roberts, New Orleans, seriously injured; two mail clerks; two employes of the dining car and eight members of the Frank Daniels Opera company.

Victims Will Recover.

Chicago, Nov. 3. — Victims of the collapse of a section of the grand stand at Marshall Field Saturday while the universities of Michigan and Wisconsin were playing their annual football game were reported as recovering. Bruises and bumps were the extent of the injuries to the greater number of those who were hurt. M. R. Ray, a traveling salesman, whose home is at Cairo, Ills., is in a serious condition at the Chicago hospital. It will be several weeks before he will be able to leave his bed.

Boers to Fight Under British.

London, Nov. 3. — The Boer commandant Viljoen has written a letter to Earl Roberts in which he offers his services to the British army if Boers are enlisted to take the field against the forces of the Mullah in Somaliland. It was announced from Johannesburg, Oct. 31, that a number of former Boer commandants and British officers had offered their services and those of 1,000 men, half of them British and half Boers, for duty in Somaliland.

Football Player Injured.

Knoxville, Nov. 3.—Walter Cole, fullback of the Tennessee Deaf and Dumb school football team, is reported dying as a result of injuries received in a game played at Maryville, Tenn., Saturday. He has a broken collar bone and serious internal injuries. Cole's home is at McKeesport, Pa.

Locomotive Boiler Explodes.

Baltimore, Nov. 3.—Three trainmen were almost instantly killed by the explosion of a boiler of a Baltimore and Ohio locomotive at Halethorp. Traffic was delayed about three hours by the accident. Those who were killed were: Engineer E. W. Biggs, Fireman O. W. Hunt and Brakeman C. O. Stalling.

Cholera In Jerusalem.

Jerusalem, Nov. 3.—There have been 494 deaths from cholera here and 78 at Ghuzzeh during the past week. Great distress prevails at Lydda because of the total inadequacy of medical aid there to cope with the disease.

Mines Cave In.

Butte, Mont., Nov. 3.—A cave-in at Heinze's Rarus mine is the most serious in the history of Butte mines. Ten men had narrow escapes. Masses of rock still continue to fall. The weight of the ground proved too great for the timbers

Sensation Brewing.

London, Nov. 3.—A tremendous sensation was caused here by statements that another scandal of the Oscar Wilde type was about to become public property. It is asserted that the man whose name is connected with the affair, and who is a peer, has fled the country, but there is every reason to believe that he is at present lying ill at an English watering place. A report of this affair found its way into print in guarded language, but every effort will be exerted to prevent further publicity.

Ran Into a Freight.

Wilmington, N. C., Nov. 3.—The southbound vestibule train on the Atlantic Coast line was wrecked at Elm City, N. C., by running into a freight train. Engineer Curry of the vestibule was killed, the fireman and three mail clerks were badly injured, and the baggagemaster was slightly hurt. The passengers were shaken up, but none was seriously injured. The engine was completely demolished and the mail, baggage and combination wrecked.

Cod Liver Oil Without Grease

Hagee's Cordial of Cod Liver Oil, (with Hypophosphites of Lime and Soda) contains no grease—an unusual idea, but a scientific fact. It cures Coughs, Colds, Grippe, Weak Lungs, Bronchitis, Consumption, Catarrhal conditions, Nervousness, Sleeplessness, Indigestion, Malassimilation, Rheumatism, Skin Diseases, Pimples, Blotches, weakened conditions following fevers, Impurities of the Blood—makes more and better flesh—because it is a direct remedy.

There is no grease in it to disorder the stomach—appetizing taste, pleasant odor—every drop is immediately applied to rebuilding flesh, nerves, blood, muscle. Improvement begins with the first doses; recovery is very rapid. Sold by all druggists.

Prominent Kentuckian.

Montclair, N. J., Nov. 3.—Samuel H. Edgar, until recently second vice president of the Louisville and Nashville railroad, is dead at a sanitarium at Caldwell, near here. Mr. Edgar had been prominent in Louisville and Nashvile affairs for the last 20 years. For almost all of that time he had been the treasurer of the corporation, having been chosen vice president only toward the termination of his connection with the road. The physicians say his illness, which was nervous prostration, was brought on by overwork. Mr. Edgar was born in Philadelphia 57 years ago. The body will be sent to Louisvile for burial.

A Big Blaze.

New York, Nov. 3.—Fire at Larchmont, Westchester county, destroyed a section of the business district and wiped out houses in which a dozen families lived. The estimated loss is $75,000.

Scrofula

It is commonly inherited.
Few are entirely free from it.
Pale, weak, puny children are afflicted with it in nine cases out of ten, and many adults suffer from it.

Common indications are bunches in the neck, abscesses, cutaneous eruptions, inflamed eyelids, sore ears, rickets, catarrh, wasting, and general debility.

Hood's Sarsaparilla and Pills

Eradicate it, positively and absolutely. This statement is based on the thousands of permanent cures these medicines have wrought.

"My daughter had scrofula, with eleven sores on her neck and about her ears. Hood's Sarsaparilla was highly recommended and she took it and was cured. She is now in good health." MRS. J. H. JONES, Parker City, Ind.

Hood's Sarsaparilla promises to cure and keeps the promise.

many other items too numerous to mention. The Fountain is the place to supply your wants. Never in the history of Coshocton merchandising have you had access to such a large stock of new seasonable Goods as you will find at the Fountain.

Our many departments are filled with the choicest goods on the market. Our facilities for buying through our wholesale house makes it possible for us to give many advantages to our patrons. We are in touch with the best markets constantly. Our agent permanently located in New York is constantly on the lookout for the interest of our stores. This gives us a decided advantage in keeping in touch with the very latest fashions.

London Twine

The above is the new material for making over dresses. It is considered the swellest material of its kind ever put on the market. It comes in all colors, and is a very servicable fabric. Ask to see it when in the store.

Wooltex

Have you ever heard of the above? If not you should investigate and find out how important a matter it is to you. A Wooltex label should be on every tailor made wrap, suit or skirt you buy. It means dollars to you in real wear. Every garment bearing this trade mark is a positive guarantee that you have the best garment made in America. This is a strong statement but a true one. No lady ever bought a Wooltex Garment that was not a satisfied customer. They are all we claim for them and even more. Come to the Fountain for your new wraps, suits and furs. You will be delighted with our showing. Our prices always moderate.
